yes, you can put the trail on the map. It is very scenic and we saw lots of giraffes, zebra and even heard the lions at night.

Please mark as rough and slow ! Lots of stones and rocks with difficult river bed crossings.

Frank

So noted..

This trail included only in the 8.02.4 BETA version to be tested. Should this trail live on the T4A map ?

Hi

Jy draai in by Erwee, 10 km verdrer is die rooilyn hek.  
Die area is staat grond met paar komuniaale boere en damaras & herero's.

Die rivier gedeelte is mooi. Die rivier word paar keer gekruis, so mens sal nie daar kan ry as dit reen nie.

Vanaf die T junction tot by waypoint 20 is daar omtrend niemand in sig nie, met baie wild.

Vanaf waypoint 20 sal jy weer boere/damara/herero's kry, want daar is die Otitheka fontein.  
Dan loop die pad tot by die C43.

4x4 Roete nie vir sedan. Dit neem so 4-5 ure om die pad te doen.  
Hoop dit is OK?  
Die spelling van die plek name moet seker net gekyk word.

Groete  
Jaco

Wouter,

Ek het nou op die 250K Kaarte gekyk, op altwee is daar plaaspaaie tot by Plaas Palmfontein. Wes daarvan is daar slegs 'n gedeelte pad op die westekant. Ek weet nie of Palmfontein 'n hek deur die Rooilyn het nie.

Jaco,  
As jy 'n spesiale permissie nodig het, moet ons dit net so merk anders gaan skielik almal daar in donder.

Groete Heiner

Nee, Wouter. Jy sal Jaco moet vra vir addisionele inligting.  
Ek weet dat daar 'n heele paar paaie is, maar weet nie hoever hulle privaat is ens.  
Ek sal hierdie jaar seker 'n paar keer in die Ombonde wees en sal 'n bietjie vir hierdie track uitkyk.

Groete, Heiner
