ACTIVITIES

Bird watching • 4x4ing
Game viewing
Khomani San Living Museum/Crafts

Loch Maree Guest Farm is situated 90 km south from the Kgalagadi Transfrontier Park. The camps are unfenced, the veld is right at your door. So you can experience the beautiful tree and grass savanna veld of the Kalahari with its rich birdlife up close. Springbok and gemsbok roam the hot sand, also be on the outlook for the rare Scimitar Oryx, which used to inhabit the whole of North Africa, but has since been classified as extinct. We offer a 50 km 4x4 self-drive route, a look-out point with shed on high dune in our private game reserve (10 different species), and watch out for the white salt pan amongst the dunes.

Only small dogs allowed out of season.
